SHUANG OU
2022
MODEN HOTEL POOL GUIDE

双鸥 2022 酒店及民宿泳池指南

Design

We provide personalized pool tile designs that are completely different from the cookie-cutter pool products on the market.
Assure

Ten years of swimming pool tile production experience in Shuangou factory provides strong quality assurance for our products.

Strength

We have direct sales showrooms and large warehouses in Foshan, Fujian and Hangzhou. Welcome to visit and deliver goods nearby.

ShuangOu Tiles&Mosaic

We believe there is peace in all pompous things,
and what we can do is to give you a different
homestay swimming pool

Product List

Each shuangou swimming pool will be
a unique classic.

COMPANY
PROFILE

Foshan Shuangou Ceramics Co.、Ltd. は、陶磁器の製造、販売、輸出を統合する陶磁器企業です。 10年の歳月を経て、Shuangou は小さな家族の生産ワークショップからモザイクとプールタイルの生産と販売を専門とするグループ会社に成長しました。私たちの市場は徐々に国内市場から海外市場に拡大しました。 現在、ダブルガル製品の影は、全国、さらには全世界に徐々に現れています。Shuangou の団結したチームと忠実な顧客のサポートにより、Shuangou は私たちの努力によってこの世界をより良い場所にすることができると信じています。

Shuangou は世界で最高のプロのプールタイルとセラミックモザイク企業になることを目指しています。私たちは優れたデザイナーチームと協力して、ユニークなプールタイル製品を設計しています。 ダブルガル製品で覆われたすべてのプールが最も特別な存在になることを願っています。

With the past ten years experience,ShangOu Ceramics has grown from a small family workshop producing mosaic into a company group with production and marketing of ceramic mosaics. We now offer a complete line of the latest and most fashionable designs of swimming pool tiles and ceramic mosaics.ShuangOu is aiming to be the most professional manufacturer of swimming pool tiles and ceramic mosaics. Nowadays, ShuangOu products are gradually covering more and more places both in China and overseas.

Determining to produce the most unique pool tiles, ShuangOu has been working very hard with best designers globally. We hope every pool adopting ShuangOu's pool tile design will be the most unique existence.

**ShuangOu Pool Tiles** | A Distinctive Classic

Porcelain Carrara
Collections

Our carrara collections feature the
samedramatic gray veins of natural
marble.
They look stunning and they are
produced mosaic shape so there is
no extra cutting work or cost.

Moroccan Style

The Moroccan style's use of color is known as "God's overturned palette". People draw inspiration from nature, and colors such as rocks, deserts, sky, sea water, etc. are used to the fullest.

Shuangou has cooperates with many designers to bring a unique Moroccan style series to create a different homestay swimming pool for you.

Kiln Series

The color of kiln-glazed mosaics gradually changes from the inside to the outside,from lighter to darker, and changes naturally. Compared with pure-color glazed mosaics, kiln-glazed mosaics seem to increase in many connotations and are more attractive.
Shuangou ceramic Mosaic redefines the color of the swimming pool with a variety of colors and expressions.

Guideline for Mosaic Tile Paving

1.SKIMMING
This is a step that serves to render the substrate selected for tiling perfectly smooth, uniform and white (a substrate showing differences in color will spoil the appearance of the finished mosaic).

2.STARTING LINES
Draw lines on the surface of the substrate to aid correct positioning of the sheets. Lay three sheets out the floor side by side, so that the gap between the sheets is the same as the gap between the single tessera, and measure the overall width. Transfer this measurement both horizontally and vertically to the surface being covered and using a straightedge and a spirit level, mark out a grid, the area will now be divided into a number of squares, each corresponding to nine sheets of mosaic.

3.PREPARING THE ADHESIVE
Prepare the adhesive, and spread over an area no larger than will be occupied by the first nine sheets, using the trowel. First apply a thick coat with the smooth edge of the tool, drawing the teeth across evenly and "combing" the adhesive to produce a uniformly ridged bed. The sheets can now be positioned.

4.LAYING AND FIXING
The sheets are back−mounted to a mesh that should be directly applied to the bed of adhesive. On walls, the thicker strands of mesh should be positioned vertically. Please note: the gap separating adjacent sheets must be the same as the gap between single tessera.

5.A FIRM BOND
With the sheets in place, tap the tessera home with a float so that the mesh beds firmly into the adhesive.

6.A PERFECT END RESULT
With all the sheets laid or fixed, and before the adhesive begins to set, the distance between tessera can be adjusted to ensure that all gaps are of uniform width. This is done by cutting through the mesh along the gap with a knife and edging the adjoining tessera marginally closer together or farther apart with the aid of a trowel. This is a step of the mosaic tiling procedure that calls for patience, but one that also adds considerable value to the finished job.

7.GROUTING
Make sure to use all of the grout. Using the small trowel, scoop the grout, a little at a time, Onto the float and begin applying to the mosaic. Move the tool diagonally across the tessera,first from the bottom up and then squeegee downwards in the opposite direction, making certain that all of the joints are completely filled and that no excess remains.

8.CLEANING
Before the grout hardens, begins cleaning off the surface. prepare two buckets of this solution: immerse the pad in the first,and without winging, swab the surface of the mosaic repeatedly with a circular motion.Next, immerse the sponge in the second bucket and wipe down the surface, removing all residual traces of grout. Finally, wipe down with the sponge, this time using clean water to remove any smears, leaving the mosaic sparklingly clean.
